Intensified Mission Indradhanush (IMI)

- Launched : 7th October 2017
- It aims to covered full Immunization by December 2018
- To cover all left outs and drop outs in select districts
- Targeted beneficiaries – children 0-2 years
- Pregnant women by 90% by
- Since Chandel has only 50% coverage in Routine Immunization, it was included for IMI

| | IMI |
|----------------|------------------------------|
| Target Group | 0-2 Years and Pregnant women |
| Target | |
| Children | 499 |
| Pregnant women | 143 |
| Duration | 4 rounds , 7 working days |

Preparatory phase

- Meetings at District and Block level was conducted with all the stakeholders
- Orientation for ASHAs, , ASHA Facilitators, AWWs, ANMs, MOs, NSS & NYK volunteers , ICDS Supervisors, CDPOs , BPMUs , Nodal Teachers and DPMUs
- Head count survey and Household visit of the identified 76 villages by ASHAs
- After due verification BPMUs prepared the micro plan which was compiled at District

- The consolidated targets from 76 villages were
(0-2 years = 499 & Pregnant women = 143)
- DIO & MO IC Chakpikarong were given TOT on IMI at Guwahati
- Communication plan , IEC Material, Mothers meeting , Community meeting with VHSNC and session site was prepared and organised.
- Cold chain , Supply Chain management and indent of vaccines from state to district to blocks to session sites were all planned properly

IMPLEMENTATION

- Formal launching program by the Deputy commissioner, Chandel
- Delivery of services by the various stakeholders
- Assam Rifles help in pick and drop of beneficiaries from inaccessible areas
- Different teams comprising of MOs, DPMUs, BPMUs , ANMs were formed for service delivery and few teams had to travelled by foot to reach session sites

- DC & SDO Khengjoi provided their own vehicles for transporting the staffs
- Pakan Riders (Bikers) were used as alternate Vaccine delivery in hard to reach areas
- All stakeholders had cooperated and supported in the IMI & MR campaign a result of which , 100% coverage was achieved.

THANK YOU
