#### Request for launching Jio in Mon District of Nagaland >>

Thavaseelan K <thava1862@gmail.com> to mukesh ambani 🕶

Jan 6, 2018, 7:29 PM

Dear Sir.

Greetings from the Office of the Deputy Commissioner, Mon!

My name is Thavaseelan K and am an IAS Officer of the 2012 Batch. I am currently posted as District Collector & Magistrate / Deputy Commissioner in Mon district of Nagaland.

Mon is one of the most backward districts in the state of Nagaland, and by extension the whole of the country. It has a population of about ~ 2.8 lakhs as of 2017 and is the third most populous district in Nagaland after Dimapur and Kohima.

Jio is present in a whole bunch of districts in Nagaland but hasn't been launched in Mon yet. The deteriorating service quality of the existing service providers coupled with the fact that Mon is the 3rd most populous district presents an enormous opportunity for Jio.

The people of my district are also eagerly waiting for Jio to start operations here. On behalf of my Office as well as the people, I would be very grateful if your kind Office

to Tarun. Jhunjhunwala, me 🕶

Dear Shri Thavaseelan.

srinivasan.b@ril.com

Thank you for your letter addressed to our Chairman, Shri Mukesh Ambani regarding launching Jio in the Mon District of Nagaland. Am writing to you on our Chairman's behalf to acknowledge and assure action on our side. Digital services and connectivity can truly provide services that will make every citizen empowered and a change agent.

Our team led by Shri Tarun Jhunjhunwala is already in touch with you and we are delighted to inform you that Jio 4G LTE services have already started in Mon district from Tobu Town and another 2 towns will be covered in a few weeks. Initial transmission for Mon district HQ will start from March, 2018.

We will progressively increase Jio's 4G LTE coverage in the District in the coming months, with additional towers and Fibre. We will require your Administration's support in this effort and our team, led by Shri Tarun Jhunjhunwala will be in touch with you.

With regards

Srini
