Introduction to the new website:

Audience:
This user manual has been provided for the users of CPGRAMS application software (6.0). It has been assumed that the user has basic working knowledge of computers as well as internet browsing experience and is well versed with grievance redress mechanism.

Purpose:
The purpose of this document is to learn how to use application software CPGRAMS (6.0). It will help users to understand various features of the application and will enable them to operate the software.
The objective of the application is to provide an online grievance redress and monitoring system to the various Ministries/Departments/ Organizations of Government of India.

Features of CPGRAMS 6.0
Role based Access to the System: Nodal Grievance Officer can now create new user accounts with similar facilities except for creation new subordinate organization and new category.

Horizontal Grievance flow: The local grievance (grievance lodged directly with the concerned office) can be transferred to other Ministry/Department/State Government. Only three such transfers are permitted during the life cycle of a grievance.

Bulk Disposal of similar cases: This option has been introduced for closing multiple grievances at a time which have same final reply.

Search Mechanism with facility to take action: Any grievance can be searched through this option. If the grievance is pending for the concerned office, the appropriate action can be taken thereon in the same form.

Improved Session Management: The alert for session time out has been introduced to inform the user when system is idle for minutes.

Data Export: This feature has been introduced to export the data shown in the grid views and reports to MS-Excel, PDF, CSV formats besides copy and print options.

**System Requirements to run the application software:**

**Client system specification:**

This application is web based interface so client machine required good speed internet connectivity and latest web browser like Google Chrome, Firefox, Edge, Safari etc. The application has facility to attached PDF document so user may require a scanner or any source to convert document to PDF.
Product Features:
It is an integrated application system, based on web technology which primarily aims at submission of grievances by the aggrieved citizens from anywhere and anytime (24x7) basis for instant and easy communication between the nodal PG officers of Government Organizations and citizens resulting in the speedy redress of their grievances.

Operating instructions:
Being web based application web browser is required to open this application (website) and to view PDF document Acrobat PDF Reader is required. So latest web browser and latest Adobe Acrobat Reader has must installed in client computer.

Access this application on web browser type this address i.e. https://pgportal.gov.in/cpgoffice/ in browser address bar and press enter. The following web page will be appearing.
Login for Ministries/Departments/Organizations:
This application has form based authentication security architecture for access control. User is required Username and Password to login which is provided by parent organization.

Enter your correct Username, Password and Security Code (Security Code is given below) then click login button. On successful login page will be redirected to Operational Desk.
**User Profile:**
User may view and edit user detail by clicking on “My Account” link.

Click on “Profile Detail” link (snapshot given above) to view profile detail.

![Profile Details](image)
Use can modify user detail by click on Edit button.

User can be change all detail which is shown in above snapshot then click on Save button make change.

**Change Password:**
On my account section click on “Change Password” button to change your existing password. Follow below snapshot.
Enter Old password then enter New Password on password textbox then type same password to confirm password text box. Password policy has given below follow password policy to make your password stronger.

After that click on save button to change your password.
Grievance:
Operational Desk:
New (Pending For Initial Action)
This desk facilitates PG Officer to take various actions like forwarding grievances to subordinate units, sending action taken reports to higher authorities, sending reminders, seeking clarifications, disposing of grievances etc. It is also facilitates the registration of locally received grievances (through post) to the system and attach scanned copy of grievance. Global search facility is available in all desks.

The Flow (Major Actions available under Grievances navigation)
The moment you get a grievance, it will be available under New (Pending and initial action) in Grievances OR it will show on home page (operational Desk).

- **New grievance will be shows from various sources like**
  - **Direct Receipt**: Grievance received directly from complainant.
  - **DPG**: Grievance forwarded by DPG.
  - **DARPG**: Grievance forwarded by DARPG.
  - **Pension**: Grievance forwarded by Pension.
- **PM Office**: Grievance forwarded by PM Office.
- **President Secretariat**: Grievance forwarded by President Secretariat.

Click on grievance source to view list of pending grievance as show in above snapshot.

**Export Grievance List:**

Grievance list may me export in excel, PDF and take print by clicking on print button.

![Grievance List Screenshot](image)

**Show Row:**

Default grievance list show 10 rows this may be increase by click on “Show 10 Rows” button.

**Copy:**

All Grievance List can be copied by clicking on “Copy” button and paste this to any clipboard.

**Search:**

This facility is used only to search or filter grievance from current grievance list. To search grievance type text to search box like part of registration number, name, date, state etc.
Action on New Grievance:

View grievance detail and take any action against the grievance follow given instructions:

Click on grievance source to view list of grievance.

Click on registration number from list to view detail of grievance (snapshot is given below).
After clicking on Registration Number grievance detail will be display.

To view action history user can click on Action History tab (snapshot is given below).

User can print all detail by clicking on print button.

**Grievance description**

I was travelling from Bhubaneswar to Secunderabad via link route due to heavy rush I was just unable to get tatkal ticket also. So made my ticket in link route that is Bhubaneswar to Vishakhapatnam, Vishakhapatnam to Vijayawada and finally Vijayawada to Secunderabad. In the meanwhile I don’t have the ticket from Vishakhapatnam to Vijayawada so I have taken general ticket. I think there was 4 general compartment. All of them were fully filled and I was have a lot of luggage with me and that was impossible to me to get inside, and even there was no space to stand properly, inside of this one general compartment was captured by our 5 or 6. ARMY people only. They were not allowing us to enter into that general compartment such a worst army person I have never seen in my life. I was shocked at that time. I have also contacted to TT of that train too, they me that you have to contact railway police or station master, he can’t help me in this type of matters. I also contacted to a police at that Vishakhapatnam railway station, I told him everything. And he told me that go to another general compartment and adjust your self, he can’t do anything, again I was shocked, many questions were coming to my mind, and at that time I understand everything what’s going in our country, our country is full of corruption and corrupted army, railway, politicians and even policeman were also involves in this activities.

Organization Details: This section captures all organization related information. Like Organization Code, Organization Name, Type, Address, State and Pin Code.

Organization code must be of 5 characters. Only Alphabet A-Z Number 0-9 is allowed.
Note: - Organization type **Section/Division** is at parallel with organization, they cannot create subordinate offices. Uses same subordinates of organization itself. Type **Private Organization** is the last end. Private organization cannot create further sub-offices.
**Nodal Officer Details:** This section captures officer detail. Fill all mandatory details.

### Nodal Officer Details

- **Nodal officer name**: 
- **Gender**: Male, Female
- **Designation**: 
- **Email**: 
- **Mobile number**: 
- **Alternative Mobile number**: 
- **Phone number**: 
- **Will nodal officer will get alerts?**: Yes, No

**Login Details:** This section allows creating password for subordinate officer. To make password stronger please follow password policy. Click on submit button to save all detail.

### Login Details

- **Is allowed to login immediately**: Yes, No
- **Password**: 
- **Confirm password**: 

### Password Policy:

- Must be 8-15 characters in length.
- Must contain 1 capital letter
- Must contain 1 small letter
Must contain 1 digit

Must contain 1 special character.

**Manage/Edit/Reset Password:** Subordinate organization may be modified by using this option. Click on Detail button to view subordinate detail, click on “Edit” button to modify subordinate and click on “Reset Password” to change login password of selected organization (snapshot given below).

![Snapshot of Subordinate Management](image)

**Subordinate Login (Usages):** This option use to view login detail of subordinate organization and no of attempt login between given date.

**Manage Grievance Category:** Grievance categories help group the grievances. This facilitates various analytical and statistical reports. It also helps in identifying problem areas. Nodal agencies have already categorized the grievances into some pre-defined categories. You may add your own grievance categories. This will help you analyses your grievances based on these categories. When a grievance is assessed for the first time, a grievance category is required to be allocated to it. Without assigning a category the grievance could not be acted upon. Subordinate offices are not required to assign a grievance category to the grievances received from their parents.
Add Category: Grievance category can be added by clicking on “Add New” Button (snapshot is given above).

The grievance code has already been generated by the system. Code could not be change. It is always generated by the system.

Select Monitoring Category from list, fill category description and fill redress time of grievance (not mandatory). Click on submit button to save grievance category.

Modify Grievance Category Description: Description can be change by Edit option which is placed at grievance category list.
Reports:

This option helps you in generating various statistical reports. These reports can be generated based on different period and domains (Local, DPG/DPG or Parent)

**Query Based Report:**
