

# IN SEARCH OF LIGHT

*In Search of Light* as the name implies, encapsulates novel experiments initiated, difficulties faced and surmounted to illuminate, nurture and care for human lives. The topics selected—be it on public transport, disaster management, improved health facilities or the triumph of IT, speak of affirmative actions to improve lives of people. The remarkable achievements of the Bihar experience as shown in SCORE or that of MCA 21 also underline the hard work that had gone into making them a success. Sixth in the series, the book highlights the initiatives that have received the Prime Minister's Award for excellence in Public Administration. The Department of Administrative Reforms and Public Grievances, Government of India, instituted the award in 2005 to boost the morale of civil servants by recognising their efforts every year.
